

Earth Safe Ozone Pool & Spa Accomplishments

Ozone is a very powerful oxidizer of swimming pool contaminants, including soaps, body oils and perspiration. In the presence of halogen-type oxidizers, ozone will also oxidize ammonia, urea and amino acids, and is extremely effective for inactivating bacteria, viruses, spores and cysts. With over 300 commercial pools, 4500 residential pools and more than 30,000 residential spas to our credit, we are capable of meeting any recreational water treatment challenge that arises.

"ClearWater Tech builds a quality line of ozone generators and has packaged them very well for the pool and spa market. I also like the way they are constantly looking for ways to improve their products."

- Greg Yannazzo, owner of Greg's Pool Perfection, Redwood City, CA

- **Louisiana State University, Tiger Stadium Recreational Facility** - 21,000 gallon therapy pool with 3,400 gallon whirlpool and three 1500 gallon whirlpools
- **Maple Grove Community Center, Maple Grove, MN** - 130,000 gallon leisure pool with 30,000 gallon lap pool
- **University of California, Berkeley, CA** - Competition pool and recreation pool
- **California Polytechnic University, San Luis Obispo, CA** - 580,000 gallon outdoor pool
- **Nike World Campus, Redmond, OR** - 320,000 gallon main pool and 8,500 gallon children's pool
- **Indiana University** - Competition pool
- **Georgia Tech, Home of the 1996 Summer Olympics** - 1.5 million gallon pool
- **Rain Forest Cafes** - Multiple water features (waterfalls, ponds, etc.)
- **Marriott Hotel, Kauai, HI** - 750,000 gallon hotel pool
- **Denzel Washington** - Residence, 125,000 gallon pool & spa
- **Bill Gates** - Residence, pool & spa
- **Danny DeVito** - Residence(s), pool & spa
- **Charlie Sheen** - Residence, pool & spa
- **Ritz Carlton, Maui, HI** - Hotel pool
